

RoHS2, REACH and Conflict Minerals/Human Rights - Statement of Compliance

Cole-Parmer Ltd. is committed to sourcing components and materials from companies that share our values around human rights, ethics and environmental responsibility.

Any products supplied by Cole-Parmer Ltd. do not knowingly contain substances in concentrations that are currently prohibited or subject to declaration in accordance with applicable requirements of:

EU Directive	2011/65/EU	RoHS2
Regulation No.	1907/2006/EC	REACH
EU Directive	2017/821	Conflict Minerals and Human Rights
SEC Dodd-Frank	Section 1502:2012	Conflict Minerals and Consumer Protection Act

Cole-Parmer Ltd. strives to work cooperatively with our customers and supply chain partners to implement and maintain compliance. We undertake due diligence to attempt to determine if non-compliant substances are used in our products. Our new supplier also questionnaire requests confirmation that materials we purchase do not contain conflict minerals, hazardous/restricted substances or SVHC (substances of very high concern). We routinely review our existing supply base using a risk-based approach to identify suppliers of materials that may contain restricted minerals or when amendments are made to applicable requirements.

We provide the above information based on information received to date from our suppliers and confirm that there is no indication that any products manufactured by Cole-Parmer Ltd. contain restricted/conflict materials or involve suppliers engaged in activity that violated relevant slavery or human trafficking laws.

If you would like to make a specific request about a product, please contact our CPL Compliance Team ComplianceTeam@coleparmer.com

Kind Regards,

CPL Compliance Team
